

## KANGA CAMP

Mana Pools National Park, Zimbabwe

Set in the most remote part of the World Heritage Site in Mana Pools is the Kanga Pan, not too far from Chitake Springs. The 12-bedded tented camp has en-suite bathroom facilities with outdoor showers and basins overlooking the water hole. Two of the tents are Honeymoon Suites, which can be converted into Family Units as they incorporate 2 day beds, which can comfortably sleep children. The main area has a relaxing lounge and dining area offering uninterrupted views of a very active waterhole. Kanga Pan is the only permanent water source for a 10km radius around the camp, because of this the pan is teeming with wildlife, especially in the dry season, creating the perfect setting for our famous 'Armchair Safaris'. Unwind on the upper deck lounge under the shade of a mahogany tree or sit on the deck by the splash pool and enjoy Kanga- the old Africa in a new era.
