**TANZANIA**

Deep in a remote corner of the game-rich Serengeti National Park, a 10 000 hectare (24 700 acre) wildlife concession leased from Maasai landlords offers guests the ultimate, exclusive, Tanzanian safari at **&Beyond Klein's Camp**.

Night drives and walking safaris in the private concession allow guests to explore the nocturnal world of the predators or to get an intimate glimpse into the details of the African bush. Overlooking the wooded hillside, rolling grasslands, lush marshes and forested river banks of the Serengeti and with Kenya's renowned Masai Mara directly to the north, Klein's Camp is one of the most strategically positioned wildlife sanctuaries in the world. Set on the edge of the Kuka Hills, it commands breath-taking views of the valley below, through

which huge herds of wildebeest and zebra migrate each year. While the Great Migration is an annual highlight, guests can experience excellent year-round lion, leopard and cheetah sightings. Huge herds of buffalo and breeding herds of elephant are all resident and birdwatching in the seasonal marshlands is exceptionally rewarding. Several species of raptor breed on the cliffs above Klein's Camp and numerous birds of prey, including vultures and eagles, are frequently spotted soaring on the updrafts.

Majestically situated on the edge of the Kuka Hills, &Beyond Klein's Camp consists of just ten intimate cottages made of local stone and makuti thatch, with rich wooden floors and classic interiors. Each cottage has an ensuite bathroom and private veranda, where guests can marvel at extraordinary views down the valley while sipping on your favourite drink. A diversity of resident wildlife, including huge elephant herds, can be viewed from everywhere in camp – even the kitchen boasts unforgettable views. The camp has a large, beautifully furnished bar and sitting area, graced by a large open fireplace, a sparkling swimming pool tucked into the hillside and a Safari Shop featuring locally-made Maasai crafts. Fresh vegetables picked from the camp's shamba, or organic African vegetable garden, are used to create wholesome dishes.
