One Ocean The Zanzibar Dive Centre

MATEMWE

ZANZIBAR

One Ocean Dive Centre is Zanzibar's first PADI five-star dive centre and has a fully equipped booking office at Matemwe's water sports centre. All their dive staff are well-trained professionals and fully insured PADI Divemasters and Instructors. Their high-quality equipment is serviced regularly by certified technicians.

One Ocean offers half-day trips to beautiful Mnemba Atoll. The reef covers an area of 15 m² and offers multiple dive sites for you to enjoy. The south side of Mnemba is a marine protected area, where divers of all levels can enjoy the lively coral reef with its numerous fish and sea creatures. Stingrays, groupers, frogfish, pipefish and many more can be spotted on the reef. With a bit of extra luck, you may encounter a pod of dolphins. In between the dives, light snacks and drinking water are served on the boat.

Never dived before? The Discover Scuba Diving experience is a great way to enjoy your first breaths underwater. Get your training in the hotel's pool and then experience the underwater world at Mnemba with one of One Ocean's professional instructors.

Already a certified diver? You can enjoy a beautiful day of diving or take your training to the next level. One Ocean teaches diving courses all the way up to Divemaster level.

Don't hesitate to stop by the booking office at the water sports centre. The staff are happy to answer all your questions and help you to plan a memorable day of diving.

MATEMWE

ZANZIBAR

The top dive sites that One Ocean offers and can be found at Mnemba Atoll are:

- **Wattabomi** — This is an excellent dive site for all experience levels.
- **Aquarium** — This site is said to be the highlight of Mnemba Atoll. It's a beautiful site for both experienced and novice divers.
- **Coral Garden** — This site offers an easy drift dive.
- **Kichwani** — Is a wonderful dive site for snorkellers, novices and experienced divers.
- **Sand Banks** — This colourful dive site boasts a rich macro life.
- **Groupers Rock** — Nice drift site with a strong opportunity to see groupers.
- **The Small Wall** — This is a great dive for the more experienced diver.
- **Turtle Reef** — Another great drift dive with a sloping reef leading onto coral blocks.

MATEMWE

ZANZIBAR

One Ocean organizes diving at Mnemba Atoll. Their highly experienced team of both local and ex-pat PADI Instructors and Divemasters have made it their mission to show you the underwater sights of Zanzibar like no one else can.

Zanzibar is an Archipelago situated on the East Coast of Africa in the Indian Ocean, many small numerous islands make up this Archipelago. The two main islands are, of course, Zanzibar and Pemba. Zanzibar has a tropical climate and offers great diving all year round.

Mnemba Atoll is situated on the Northeastern side of Zanzibar, near Matemwe, and offers stunning dives in the lagoon and exciting wall dives. Mnemba Atoll covers an area of 15 km² and is a conservation area that has long attracted snorkellers and divers to its beautiful turquoise waters. Mnemba Atoll is the most popular dive site of Zanzibar where there is a great variety of marine life, including a resident pod of dolphins.

Access to Mnemba Atoll is tide-dependent. During low tide, part of the journey is done by car on an unpaved road, to the stunning beach of Muyuni — this is all part of island life, and forms part of your exciting diving experience. At high tide, the boat is boarded directly from the beach in front of Matemwe Lodge. It takes 30 minutes to Mnemba with one of One Ocean's Zanzibari dhows.

PADI Courses available with One Ocean:

Discover Scuba Diving/ 1.5 days/ max. 12 meters

Have you ever wondered what it's like to breathe underwater? If you want to find out but aren't quite ready to take the plunge onto a certification course, then the Discover Scuba Diving course will be the underwater experience for you. Discover Scuba Diving is a quick and easy introduction to what it takes to explore the underwater world. It includes a short lecture covering the basics of Scuba Diving followed by a pool session plus one Scuba Dive under the direct supervision of one of our instructors.

Day 1: Short lesson followed by a pool session (2 hours)

Day 2: Single dive with a maximum depth of 12 meters, second part snorkelling or extra dive (US\$50)

Price: US\$150

Scuba Diver Course/ 2 days/ max. 12 meters

The PADI Scuba Diver Course is a subset of the Open Water Course. If you're short on time but want to become a diver, the Scuba Diver certification might be right for you. Limited certification: Scuba Divers can dive to a maximum depth of 12 meters under the direct supervision of a PADI Divemaster or Instructor.

Day 1: Theory training (including video, knowledge reviews and quizzes) and pool training to learn basic scuba skills

Day 2: Two Open Water Dives at Mnemba Atoll, maximum depth 12 meters

Price: US\$350 — Includes all learning material, dive equipment, logbook and certification

Open Water Diver Course/ 4 days/ max. 18 meters

This exciting 4 day course is the most popular entry-level dive course in the world. Open Water Divers are certified to dive to a maximum depth of 18 meters independent of a dive leader. The course consists of five theory modules, five pool modules and four Scuba dives.

Day 1: Theory (videos, knowledge reviews, quizzes and final exam)

Day 2: Pool training

Day 3: Two Open Water Dives (max 12 meters)

Day 4: Two Open Water Dives (max 18 meters)

Price: US\$500 — Includes all learning material, dive equipment, logbook and certification

MATEMWE

ZANZIBAR

Advanced Open Water Diver/3-4 days/ max. 30 meters

You have to be an Open Water Diver to complete this course, which consists of five Adventure Dives. There are two required dives, Deep and Underwater Navigation and you choose the other three, for a total of five dives.

The other knowledge and skills you get vary with your interest and the adventures you have — photography, buoyancy control, fish identification and many more.

Your instructors will advise you on all the different possibilities for your Advanced Open Water Course. Once completed, the Advanced Open Water certification will allow you to dive to 30 meters.

You will have to do a pool session in the afternoon of the day before your diving days starts, this is what PADI calls a “diver scan” and it is a course requirement. It is a small pool session where we do the basic Scuba diver skills, as it is important to see you in the water before we take you deep diving for instance.

Price: US\$470 — Includes all learning material, dive equipment, logbook and certification.
