

It's official: **26 Sunset Villa** has just been awarded **Africa's Best Private Villa** at the World Boutique Hotel Awards.

Here's why international travel industry experts and journalists who personally reviewed each of the nominated properties, voted the six-bedroom 26 Sunset Villa the best in Africa:

**A stunning location** in the cliffside hamlet of Llundudno, home to what locals know is prettiest beach in the beautiful city of Cape Town. Elevated high above the Atlantic, yet close enough to be lulled to sleep at night by the waves, or walk to the beach for a bracing swim. Neighbouring a nature reserve, its steep slopes clad in indigenous fynbos, this is one of the most peaceful spots on the Atlantic seaboard. Every space makes the most of the unobstructed views: a shimmering blue horizon into which the sun sinks every evening – a spectacular show the Villa celebrates by providing complimentary canapés and bubbly.

**The dedicated, professional team** also sets 26 Sunset Villa apart. The house has a full time butler, manager and excellent chef to cater to even the most demanding clientele. Spa therapists and yoga practitioners on call. The housekeeping and maintenance team is so discreet as to be invisible, because the whole point of being in a private villa is privacy – here you never have to hang a “do not disturb” sign.

**An architectural masterpiece** designed by award-winning architect Johann Slee, whose work has been voted the best in South Africa by his fellow architects. Slee sculpts with concrete, stone, wood and glass, working with a palette that has its origins in the earth – muted colours, off-set by textured, natural finishes and materials. The proportions are generous, the lines clean and uncluttered, with the aim always to make the most of the views.

**A holistic approach to holidays** The emphasis is on light, healthy meals made with quality ingredients. Yoga day retreats with a qualified life coach is a recent offering that is proving popular. Walking, swimming, or simply gazing at that mesmerizing view, 26 Sunset Villa recalibrates.
