

PRIVATE PHOTOGRAPHIC SAFARI

Whilst all our guides at Makanyi are very proficient photographers in their own right and excellent at teaching guests the best ways to make the most of their camera equipment, there are many guests who wish to take their photography to the next level. For this we recommend a Private Photographic Safari. They are designed for guests who are looking for the full attention of the photographic tutor to maximize their learning and photographic skills in the number of days that have been allocated.

This is open to and suitable for all levels of photographers, be it first time users or more advanced.

It consists of one to one training or group (max 4 people) and the photographic tutor not only teaches and coaches the client but fulfills the roll of a private guide as well.

Included in private photographic tuition is the use of a private vehicle which enables you to have maximum flexibility for your wishes and convenience. The vehicle is designed to accommodate all the lenses and photographic equipment, including supports and bean bags.

2017 RATES

The daily rate is R 11,000 (commissionable at 20%), and includes a private, specially adapted photographic safari vehicle (with guide and tracker), and the professional photographer. Camera equipment is not included; this can be rented through our professional photography partner, Hilton Kotze or the website (listed at the end of this document).

AFRICA PHOTOGRAPHIC TUTORIAL / TEACHING / DISCUSSION POINTS

Your Photographic Safari will focus on practical and technical skills both on the game drive and back at the lodge. The Professional photographic tutoring comprises of practical on location tuition in a specific sighting, giving advice on what shutter speed, ISO and aperture to photograph on, taking the specific lighting conditions into account.

Throughout the photo safari we discuss settings, composition and shooting techniques such as panning, backlighting, side lighting and action shots.

The workshops done at the lodge after brunch consists of various modules. These workshop sessions will depend on the knowledge level of the guests.

ABOUT THE PHOTOGRAPHER

Hilton Kotze is a dynamic wildlife photographer, with an exceptional passion for Africa and its wildlife. His many years of experience in the bush, love of people and his ability to share his knowledge make him a very successful and sought – after photographic host. Hilton has had the great fortune to travel to some of the most remote and sought after wildlife and photographic destinations in Southern and East Africa where these travels have enabled him to capture some of the more special moment’s nature has to offer. Hilton’s immediate background is in the Health and Fitness industry: here he uses his love of people, great personality and fantastic communication skills to help people from all walks of life to live a better life. It is these very attributes that make Hilton a great photographic tutor. His 15 years of knowledge in animal behaviour, easy, patient and charismatic personality combined with his wealth of photographic knowledge, gives Hilton ability to assist his guests to seize the moment and capture creative, unique and exciting images while growing their own passion for nature and photography. Hilton is also very familiar with both major brands of equipment, Nikon & Canon, and is able to assist with both.

PHOTOGRAPHIC AWARDS

Hilton’s work has been placed in various national and international photographic competitions such as Fuji/Getaway 2006-2010, BBC and Nature’s Best. He has had numerous publications in magazines such as *Getaway UK* press and NY press *The Telegraph*. He was also awarded the title of overall winner of Fuji/Getaway wildlife photographer of the year in 2007, the country’s most prestigious wildlife competition. Hilton also has a team of experienced and passionate photographers that work with him to deliver guests an amazing photographic experience.

TYPICAL SCHEDULE

Day 1

- Meet and greet around lunchtime, discuss and plan the days ahead and chat about what equipment guests use and what their expectations of the photographic safari are. Equipment can also be rented through us if you let us know beforehand what you would like to use. Please have a look at the website to see equipment for hire:
- Africa Photographic Services
- Head out on afternoon game drive, do practical on site tuition.
- Get back from game drive meet for drinks and dinner.

Day 2

- Out for morning game drive, again on site tuition while on game drive, and then back for breakfast or brunch.
- Start post processing after breakfast until lunchtime. Guests can take a nap if they wish before afternoon game drive; if not can carry on with their post processing workshop.

Days 3 & 4 are repeats of day 2 but the content of the workshop becomes a lot more specific to the client's needs.

At the end of the safari the guests should leave with about 20 – 30 very good images that they have taken and processed themselves.
