What makes us special?

Excellent staff, high quality finishes, authentic finishes and a VERY special breakfast & cozy feel

Location

Corner Rieslse & 2nd Avenue.

Small, cozy & authentic

The 8 en-suite rooms are spacious and the driftwood finishes on the bed bases, wooden cupboards are beautifully rounded off with thick mattresses and quality linen. As a special touch, every effort was taken with the finishes to ensure a truly Namibian and authentic feel. Breakfast is a special treat and extra care was taken to make it something special from including some of the best local produce such as asparagus to delicate salmon. Our main focus market is for the individual traveler or smaller group that want to escape the masses in large establishments in town.
