

NAYARA TENTED CAMP

Our guests enjoy our personalized service and signature "Pura Vida" hospitality.

Award winning Nayara Resorts is excited to be opening a luxury tented camp in the Arenal Volcano National Park, Costa Rica. Nayara Tented Camp feature 29 luxury tents; 12 of them will be mirror image tents linked together to create a spectacular two bedroom unit that can accommodate two couples or a couple and four children. The most exciting part of the camp are the private tents; set high on the hill and with spectacular views of the Arenal Volcano, the luxury air-conditioned tents feature our signature plunge pool fed with natural hot springs, an outdoor shower, wooden floors, a four-posted bed with a canopy, and a spacious bathroom with an oversized tub. Luxurious yet eco-friendly, the tents merge with the surrounding nature affirming the majesty of the rainforest.

Other highlights of the camp will include a welcoming tent, swim-up bar, large family friendly pool, and a new gourmet restaurant with an expansive terrace to celebrate the Costa Rican rainforest. The area is home to a great variety of birds and wildlife and a sloth sanctuary. At the bottom of the resort, we will have plunge pools fed with hot springs immersed in the dense forest.
