UGANDA

BWINDI IMPENETRABLE FOREST,
UGANDA

Welcome to Buhoma Lodge

Nestled at the gateway to Bwindi Impenetrable Forest, Buhoma Lodge has been constructed using sustainable local materials. Just one of two lodges set within the National Park, it commands uninterrupted views and is the perfect lodge of choice when embarking on your bucket-list Gorilla trekking adventure. We are renowned for our warm welcome and attentive service, and are certain you will love our Africa inspired lodge which constantly receives highly recommended reviews. Set just steps away from the gorilla trek start point, these gentle giants have even been spotted popping in for a visit on occasion.

An elevated central lounge, bar and dining area offers a cosy, social environment and the crackling fireplace adds a mystical atmosphere to cool evenings. Our multi-course meals are freshly prepared from local produce, ensuring you take away warm homely memories of your time with us.

Tranquil and cosy, the ten spacious eco friendly wooden chalets offer a private forest escape. Awaken to chattering birds and monkeys as day breaks. Enjoy morning tea/coffee on your private verandah with sweeping views over the primal forest. What better way to start the day.

About the area

You've arrived in one of Uganda's most remote and beautiful regions. Bwindi is one of the top 10 birding sites in Africa with over 350 recorded species, including 23 endemics. Over 200 spectacular butterfly species, as well as L'Hoest's monkey, black and white colobus, red-tailed monkeys, giant forest hog and the African golden cat are found here.

Activities aside from Gorilla trekking include:

Community Interactions including a visit to the award-winning **Bwindi Community Hospital**.

Batwa cultural experience

Enjoy a day in the forest with your Batwa elders learning how their ancestors survived as hunter-gatherers, and how they dance, sing and socialise.

Bwindi village walk

Embark on a 3 to 4 hour community walk through the village. Visit a traditional home, local orphanage or school, meet traditional medicine healers or learn all about banana brewing.

Ride 4 a woman

This programme was started as a bicycle rental project run by local women, and has expanded to include basket weaving and sewing projects.

Forest walks

Various walks can be enjoyed, including a shorter route to waterfalls, or a more challenging hike across the forest from Bwindi to Nkuringo.

Your gorilla trekking experience

Once sighted, visitors are allowed an hour with the gorillas. Our complimentary massage following your gorilla trek is a welcome treat! Overnighting in Bwindi is required the night before trekking due to your early morning start. As trekking can sometimes take a full day, a second nights accommodation is a must. Ideally 2 to 3 nights are suggested to enjoy this region. It is essential to pre-book permits.

When to go

Bwindi Impenetrable Forest may be visited throughout the year. High season runs from June—Sep and Dec—Feb, it is drier then and the trails less slippery.
