## Nicole Carter

Nicole- A.K.A the boss.

Nicole opened Beauty and Beyond 27 years ago. Her passion and drive has kept her business open and the spa would have been one of the longest standing establishment's, that has kept its door open in the Invercargill C.B.D.

Beauty and Beyond started off as one tiny space with only one treatment room, behind a clothing shop. Look at it now! With 10 staff members, Nicole has opened her 3rd and final location. Her biggest space to date and we would say the most glamorous! The most ironic part being that we have moved back to the original spot where she first started!

Nicole has been the Southland representative for the NZ Beauty Therapy Association for 20 years and has made her way up to the Executive board.
