

*OUR PLANET, OUR GIFT,
OUR RESPONSIBILITY*

Thank you for choosing our Mantis group hotel as your temporary home away from home .

We are proud to be associated with Community Conservation Fund Africa (CCFA)

The CCFA is a registered NPC, founded on the premise of a merger between the Mantis and Accor Hotel groups in 2018. These two global hospitality groups recognise the urgent call for the tourism industry in Africa to contribute towards community upliftment programs that yield positive outcomes for the symbiotic relationship between human and wildlife economies, at a time when both are under threat. Thus the CCFA aims to be a catalyst in creating environmental awareness and actioning sustainable solutions that promote wildlife conservation within African communities.

The CCFA is a grant-giving organisation that actively educates and empowers local communities through implementing sustainable wildlife management systems on the ground.

During your stay at our property we will offer you information about the various CCFA initiatives and the ways in which you can contribute towards our fund.

If you would like to stay in touch and keep up to date with CCFA projects, we invite you to add R50 onto your bill upon checking out to both ensure your addition to our database, and leave with the knowledge that you have actively supported a CCFA initiative.

We look forward to sharing an African experience with you that will open your heart to the beauty of nature and to the role you can play in helping to conserve it.

Yours in Community and Conservation.
