

ELLERMAN HOUSE

ELLERMAN HOUSE WINE

Wine is taken very seriously at Ellerman House, and the hotel's 7500-strong collection of South African wines represent both established and emerging labels from the Western Cape's world-renowned wine regions. Many of the wines in the collection are rare or special releases augmented by sought-after vintages bought on auction. Wines from the cellar are only made available on the hotel's wine list once they have been optimally aged and are deemed ready for enjoyment at peak maturity. Many of these fine wines are also available by the glass without compromising on quality, thanks to the Le Verre de Vin preservation system. The depth of the wine list allows guests to try verticals of vintages whereby the same wine can be sampled over various releases. Integrating outstanding contemporary architecture with breathtaking sculptural elements and cutting-edge design, the Ellerman House Wine Gallery is not only a showcase for this extensive, award-winning wine collection but offers guests a unique, interactive journey into the world of wine.

It aims to bring to life South Africa's 350-year old heritage of winemaking, providing an environment for tasting and learning about local wines as intriguing and inspiring as the wine itself. Sophisticated storage is provided in state-of-the-art wine racks and separate, temperature-controlled maturation cellars for white and red wines. The gallery incorporates an interactive multi-media wine library and Brandy Tasting Lounge. There is also a Champagne Cellar, stocked exclusively with rare and special vintages of Dom Pérignon.
