

Perched on the side of a cliff overlooking the Klaserie River, Angela's Safari Camp is ideally located on 3 000 hectares of diverse topography in the heart of the Klaserie Private Nature Reserve. The camp borders unfenced with Kruger National Park, Timbavati and Umbabat Reserve which allow game, including the Big 5, to move freely. Only an hour's drive from Hoedspruit's Eastgate Airport, Angela's Safari Camp is easily accessible with daily flights from Johannesburg and Cape Town.

The intimate camp provides a welcome mix of five African thatched rondavels, accommodating two guests each. Aptly named after local artists, each chalet is uniquely and beautifully decorated with its namesake's authentic artwork.

The camp is securely fenced and comprises a main thatched building with an open-plan kitchen and a TV- and dining area. The patio is fitted with a handcrafted wooden bar and a few steps across the lawn, a boma and outside braai provide warmth and a true African atmosphere. A flagstone pathway leads guests to a second entertainment area which provides breathtaking views from this awe-inspiring lookout deck, built on the banks of the Klaserie River.
