## OUR APPROACH

### A LONGSTANDING COMMITMENT

Since our founding over 90 years ago, health and safety have been at the heart of Marriott's approach to hospitality. This commitment to our guests and associates continues to anchor us and it informs our decisions as we adapt to new challenges presented by COVID-19.

We understand that people are thinking about travel differently now. We are too. That's why we have elevated our exacting standards and rigorous protocols to create hospitality norms and behaviors to address the unique challenges presented by the current pandemic environment.

Our new protocols work for all 30 brands. While elements of these new practices may vary based on differing geographies, travelers should know that our hotels will continue to follow local government and public health guidelines and operate with health and safety top of mind.
