## Nautilus Place

Comfort merges with stylishness in this gorgeous five bedroom villa that proudly displays an intricately carved wooden bar, large enough for at least eight people to gather around for a chat. Although all the villas are incredibly spacious, Nautilus Place is arguably the best for social gatherings and celebrations as the open plan living space delicately balances areas for jovial get-togethers with alcoves for quiet contemplation. There is an outdoor swimming pool and second plunge pool as well as braai and boma, soundly protected from both the east and west wind, where guests can enjoy the outdoors even in inclement weather. Rooms 2, 3 and 4 are situated in the first level of the house at a comfortable distance from the main living area while rooms 1 and 5 occupy the top level.

A guest bathroom is located in the entrance hall and there is a separate scullery and laundry.
